Merry Christmas

December 2016 | Issue 87

WE WELCOMED NEW FLORIDA REGION CLUBS TO THE 16/17 SEASON AT OUR ANNUAL NEW CLUB DIRECTOR'S MEETING!

FROM THE EXECUTIVE DIRECTOR

The long anticipated Christmas holidays are right around the corner and we hope that you will take some time to stop and celebrate the people around you that have helped to make your life better. We all have friends, family, teammates, coaches, and business associates that have sewn something positive into our lives in the past year. This is a great time of the year to let them know how much they are appreciated. Considering the very obvious split that came out of our recent election, hopefully you will be on the lookout for good in others and do something kind for someone around you to help start the healing process. There isn't a better time of the year to get this process started!

With that said, I would like to recognize our very dedicated Florida Region staff for their "above and beyond" effort on a regular basis. They are a hard-working group of professionals and I am honored to lead this team daily. Our Board of Directors provides excellent governance and oversight for our organization. They contribute many unseen hours providing guidance and they always represent our 14,500 members with distinction here in the Florida Region. We have numerous committees that meet regularly to keep things moving forward and they operate behind the scenes to support the mission of the Florida Region. Our Club Directors are the backbone of the Region. They work tirelessly to provide opportunities in their respective communities and to help grow the game. All-in-all, we have a great team working together for the best members in the USA Volleyball family. These combined efforts are why the Florida Region is leading the way nationally in many different categories, and our collective team is grateful for the opportunity to help make a positive impact for our Florida Region family.

In Florida we say that volleyball is a lifetime sport with a lifetime of friendships. I trust that you will take a moment in the coming weeks to embrace the holiday season and enjoy your time with friends and family.

Wishing you the very best,

Steve Bishop
Executive Director/President
(Proudly serving our members since 2005!)

What people are saying about the Team Florida HP Program:

"Thank you for allowing Nina to participate in Team Florida, last year. It was there that Linda Hampton-Keith, then at Arizona State, first saw Nina. Please know you all had a big part in Nina getting exposure, then a full ride offer, and ultimately verbally committing to play at the next level for NC State.

My family and I would like to say Thank You! Thank you for allowing Nina to be a part of Team Florida."

Steve Bishop, Executive Director of the Florida Region of USA Volleyball, said, "This is another great lineup of coaches for our 2017 Team Florida Indoor HP All-Star program. With over 45 coaches applying for 18 positions, the committee was challenged with tough decisions and much deliberation went into the selection process. This year we will have coaches from nine different colleges on staff. I look forward to co-hosting the event in Ft. Lauderdale again and welcoming the world's best junior volleyball teams to Florida!"

Team Florida is also excited to announce that the teams will be sponsored and outfitted by ASICS and 1st Place Volleyball, making this the 12th year in a row.

The High Performance Championship runs under FIVB (Federation Internationale de Volleyball) protocols which governs and manages all forms of volleyball across the globe. The FIVB promotes competitions and satisfies sponsors' needs. It aims to develop Volleyball as a major world media and entertainment sport, while giving athletes the exposure they need to further their careers in volleyball.

QUICK TIP FOR MEMBERS...

It is the professional and moral responsibility of USAV and its Member Programs to provide a safe environment for members during sanctioned activities. Here are the purposes of a screening policy:

- Protects USA Volleyball participants from known offenders so that such individuals do not have access to USA Volleyball members.

- Deters offenders who have not been caught from joining USA Volleyball programs because the program has a known policy against abuse.

- Helps protect USA Volleyball, its Regions and clubs, and their respective employees and subcontractors, from liability that could arise from allowing a previous offender to have access to minor participants.

- It protects USAV, its Regions and clubs from state and federal precedence that associations can be held generally liable for sexual misconduct or abuse that can in some way be connected to their sanctioned events.

- Background screenings are a "risk management tool" to help reduce potential sexual abuse/molestation claims by identifying and eliminating individuals that might pose a threat from the group the insurance company is providing coverage.

2017 USAV JUNIOR OFFICIATING COURSE REQUIREMENTS & INSTRUCTIONS…

2017 Florida Region Officiating Summary

Members Needing Help

- **The Florida Region of USA Volleyball region office cannot solve technical issues with the USAV Academy and can only direct members to the USAV Academy Help Desk.**
- **Once an athlete is registered for the course, all questions must be filtered through the USAV Academy Help. Members can submit a Help Desk Ticket and the USAV Academy staff will promptly help you. See below picture for where to find help. If the Help Desk is down please email sue@FloridaVolleyball.org for assistance.**
- **Please give athletes enough time to take the courses to accommodate any possible**

technical issues with the USAV Academy.

Requirements

- Florida Region policy requires that these junior team officials be trained **before** they participate in a match as part of the officiating crew. The work team consists of a minimum of six people:
  - Second referee
  - Scorer
  - Assistant Scorer (Libero tracker)
  - Flipper
  - Lines Judges (2)
  - **At least one of the work team members AT THE TABLE must be a USAV registered & rostered adult (coach, chaperone, etc.).** This person must be on the team roster and must have completed the required training for the work team responsibility they are performing (Scorer, Asst. Scorer, Flipper, or R2). The Florida Region BOD has voted unanimously that the **adult at the score table MUST be performing one of the work duties.**

2017 USAV JUNIOR OFFICIATING COURSE CONT …

Courses

There are THREE courses that contain the material required. Note: After registering for these courses, the member will log into the USAV Academy. The courses each contain multiple modules, so there will be more than three sections to complete once you are in the USAV Academy.

- FL17_101 Florida Junior Officiating Team Basics
- FL17_103 Florida Junior Qualified Scorer
- FL17_104 Florida Junior Qualified Second Referee

Registering

All registration is done FIRST in the member's USAV membership, also known as WebPoint (where you go to join or renew your membership). Here are the steps:

- Login at www.FloridaVolleyball.org (Under the USAV REGISTRATION section, click the blue **LOGIN** button)
- After logging in, scroll down to the **USA Volleyball Events** section on the left hand side of the page
- Click **Region Clinics**
- Click **Region Ref/Score Clinics**
- Click **+Register Now** on the courses you want to register for
- A registration summary will appear, click **Submit**
- A confirmation summary will appear, click **Register**
- A registration confirmation will appear, at this time the member can click the red button at the bottom that says **Login to the USAV Academy** to go to the course, or the member can return to the Region Ref/Score Clinics page to register for more courses.
- At any time, a member can login to the USAV Membership in WebPoint and click the red button on the bottom left of the screen that says **USAV Academy** to access any classes they have registered for.

Other Important Notes

- If a member took a course last season, they still need to register for the courses. Upon beginning the course in the USAV Academy, there will be an option for the member to "test out" and the member will not need to watch the entire module. If the member does not score a high enough score on the test, the member will need to watch the entire module.
- Each course has an introduction that is required to watch before proceeding.
- Each courses is broken up into multiple modules, so there will be more than three courses showing in the USAV Academy.
- Once a course is fully completed (all the modules for that course are finished) the member will see the certificate in the **My Certificates** section in the USAV Academy under the **My Account** section.
