WELCOME NOTE FROM OUTDOOR CHAIR

Florida Region Members,

Wow, the flood gates are open and the competition is strong! There are a lot of opportunities for all to play. First and foremost our beach partner, DIG THE BEACH, is now the official tour for USAV adults and juniors. The first event will be held in Siesta Key on May 25th. You must have a USAV membership to participate in the Dig the Beach tour. Also, the age requirement for beach is now the same as indoor!

The National Junior Beach Championships for USAV will be held in Ft. Lauderdale in August. This is only the 2nd time since 1990 it has been moved out of California! So, to put it mildly we are quickly becoming the front runners for beach in the US. Keep up the hard work!

Adult events include the International Development Qualifier (IDQ), which is open to all USAV and NORCECA athletes, will be held in August in Hollywood, FL.

As for Coaches, we are in the process of setting up a National BCAP clinic to get individuals ready for collegiate beach volleyball.

Our website is constantly updated so please check it out every week.

LETTER FROM THE EXECUTIVE DIRECTOR

It's another exciting month here in the Florida Region and we are as busy as ever getting ready for all of the upcoming events that are on the May calendar. Right now we have our sights set on the three "big ones" that are coming up next weekend (May 7-9) in Orlando.

Friday (May 7) will kick off the weekend's events with our inaugural Florida Region USAV Golf Tournament at the Metro West Golf Club. We'll head straight from the golf tournament to our 9th Annual Regional Awards Ceremony at the Double Tree Resort on International Drive. This year's ceremony will be our best one yet as we recognize our newest Jr. National and National Officials, our Regional HP All-Star coaches, our junior clubs with anniversary pins, our scholarship winners, our Region Partners, our award winners, and induct a new member in the Florida Region Hall of Fame. In addition, Don Yaeger will be our guest speaker and he will challenge and inspire everyone with his message about what it takes to be "One of the Great Ones".

On Saturday and Sunday (May 8-9) we will play host to 340 teams at our 2010 Girl's Jr. Regional Volleyball Championships. This is our largest indoor event of the year and we always look forward to getting everyone together for a "season ending" event before the beach season officially gets started. We are excited to once again have Orlando Convention Aid as an event partner along with almost a dozen great vendors. Please stop by and show your support while you are at the event.

Speaking of the beach season, it's time to hit the sand again! Our 2010 Dig the Beach USAV Jr. Series (sponsored by Smack Sportswear) will get started on Sunday, May 23rd in Siesta Key. We anticipate that we will exceed our previous high number of 40 courts this year and we hope to see you on the beach for some sun and fun!

As always, let us know how we are doing. We'll see you on the court!

CLUB HIGHLIGHT – SOUTH FLORIDA VOLLEYBALL

Each month a member club is featured in *Vol-eNews*. This is a great way to get to know the Club Director(s) and learn more about the clubs throughout Florida. This month **Fred Howell** and the **Brevard County Starlings** will be highlighted, enjoy!

Q: Tell us how you got involved in volleyball?

A: Working on Boy Scout Camp Staff at Camp Lanoche, we played volleyball every day at lunch. We did not know the rules but we had a great time.

Q: How long have you been coaching volleyball?

A: I have been coaching volleyball for over 15 years!

Q: What would you consider to be your biggest accomplishment in volleyball?

A: Setting up this Starlings club for girls in my community. I have exposed volleyball to girls who would not have had an opportunity otherwise. I've pretty much given my life to helping my community, but this Starlings organization is helping to get girls into college. This is a good thing!

Q: If you could brag about your club, what would you say?

A: Price per value I think we are a great club. I think the parents and the girls are getting something good out of my club.

Q: Do you recall any memorable stories with Brevard County Starlings?

A: We won the AAU Spring Fling this year in the 13U; a goal we have had since we started 2 years ago. Also, last year my 18's won a Wilson tournament. We really like those USAV one day tournaments. Hopefully you will get them back next season.

Q: Are you involved in any other volleyball activities besides coaching?

A: I volunteer at the Cocoa YMCA so I get to play a little with John Fisher, my mentor, and Sean Walker, who has trained at a very high level. I get to have a little fun playing too!

Q: What do you look forward to in the future for the Florida Region?

A: I would like to see volleyball grow in Florida. We have too many beaches and facilities to not be bigger than we are right now. I would like for more of the girls

in my community get the opportunity to experience volleyball. It is a hard thing to do because if you are not a natural athlete, the skills can be hard to learn.

Q: Do you have a beach volleyball program? Explain.

A: No, I'm really an indoor guy. But our club will sponsor our girls who want to play in local beach tournaments. Two of the girls are playing in an upcoming event. It is their first one and they are excited.

Q: Does your club do anything to promote youth volleyball (11 and under)?

A: I coach 6 days a week. I do not get paid. We cannot afford to pay coaches. I would not take the money anyway. I volunteer at 3 of the local recreation centers in my community. I teach volleyball at no cost year round. Any girl is welcome to come and work out. I have them as young as 5 and 6 coming. I've had girls leave and come back and say "I'm ready to play again". I just had one young lady make her varsity high school team as a freshman after not playing for 2 years. She's a great kid. This year I think my 12's are one of the better teams around. They have been playing together for a while. We just do not have the money to play a USAV schedule.

Q: What future plans do you have for your club?

A: We would like to find a sponsor. I'm sure that is what everyone wants. What I really mean is being a Club director and a full time coach is a lot! I really need some coaches. It's hard when you have to coach all the girls like I have these past 3 years. I really would like to play a USAV schedule someday. I think I have one of the best 12 and under girls in the area and I cannot get them exposure because we are so small.

Fred, is there anything else that you would like the Florida Region members to know?

A: I truly believe that volleyball gives girls something other sports can not give. The self officiating is wonderful. The fact that one girl cannot do it all by herself is another. It truly teaches team work and responsibility. We really wanted to go to the Starlings national tournament this year but it does not look like it will happen. It's sad because my 12's are good, not great but good enough to make a good showing. We could not even go to JNC's. But that's just me whining. We are having a bunch of fun and trying to grow as people first and players second.

The Florida Region would like to share an email that Fred sent. This is the reason why he does what he does...

Folks,

"This is why I do this. Elizabeth is the third from the left. She came to me the summer before her freshman year in high school. She will be a sophomore next year and I told her if she worked hard her school will see the improvement. Just one year of work and some tournaments with their new-found friends, and you get smiles. These girls all had very little experience but worked hard coming to the very busy open practices at the Joe Lee Smith Center and the Cocoa West Center for the last six months. With only one dedicated practice a week at Kennedy Middle school they had to work twice as hard as the other clubs to learn the chemistry related things that come with playing on a volleyball team. Thanks to Brevard County Parks and Recreation for the free open practices at their community centers, and Kennedy Middle school for allowing the Starlings to have a day to themselves. With girls from Cocoa Beach, Viera, Rockledge and Cocoa High representing one team, this is truly the meaning of a community working together and is the essence of what the nation-wide Starlings volleyball program is all about."

Fred Howell

Director and Head Coach
Brevard County Starlings Volleyball Club

*Thanks Fred for participating in the Club Highlight. The Florida Region wishes you and your club continued success in the 2009/2010 season! Stay tuned for next month's Club Highlight to learn about **Jason Berry** and **Black Creek Volleyball Club**.*
