**WELCOME NOTE FROM THE OUTDOOR CHAIR**

Florida Region Members,

I am pleased to announce that the 2012 Florida beach volleyball schedule is now available! The Dig the Beach Series has been a strong tour for twenty years and has given us so many opportunities to grow the sport in all levels of the game. With the Florida Region assuming the management responsibilities for the USAV DTB Tour, there will be many things to look forward to this beach season.

The Board and staff of the FL Region have been working hard to improve the player experience, for both juniors and adults, while still striving to maintain the beach culture that we all know and love. Along with the USAV Dig the Beach Tour, both SSOVA and FBVT will once again have USAV sanctioned affiliate events during the summer! With over 20 beach tour stops on the schedule for junior and adults, our beach volleyball calendar is packed! We look forward to seeing you at a beach in Florida very soon!

## LETTER FROM THE EXECUTIVE DIRECTOR

Our 2012 indoor season is well underway and the Region office is busier than ever before. With almost 70 region managed events on the schedule this season, we are pursuing our mission of aggressively promoting the sport of volleyball and creating playing opportunities for players of all ages.

I want to take a moment and thank our Commissioner and the Board of Directors for allowing us to blaze new trails and implement new programs each year. I also want to recognize my hardworking staff for their tireless commitment to the Florida Region. They can often be found coming in early, working late, and finishing up projects on the weekends to keep the corporation moving forward. They are a great team and I can confidently say on their behalf that we all consider it an honor to be able to serve our Florida Region members across the state. On that note, I am proud to welcome our new Events Coordinator, **Heather Cormier** to the team. She starts next week and already has a half dozen projects waiting for her on day one. Please join me in welcoming Heather to the team.

On another note, we have several new strategic partnerships that have been finalized since our last edition of Vol-eNews. The following companies have signed on or renewed as corporate partners with the Florida Region:

## CLUB HIGHLIGHT – GAINESVILLE JUNIORS

Each month a member club is featured in **Vol-eNews**. This is a great way to get to know the Club Director(s) and learn more about the clubs throughout Florida. This month **Chad Davis** and **Gainesville Juniors** will be highlighted.

**Q: How long have you been coaching volleyball?**

**A:** I have been coaching since 1994, which is when I started coaching high school. I started coaching club for Gainesville Juniors while I was a student at UF in 1997. Overall, I have been coaching for 18 years.

**Q: What are all the job titles you currently hold?**

**A:** I am the Executive Director of the club and Head Coach of the 13 Black team and 14 Black team. It's a lot of work but I am very fortunate to have a great staff of coaches, club treasurers and secretary, and great parent groups.

**Q: What do you like to do in your spare time?**

**A:** There is not much of it these days but when an occasional free weekend comes on the schedule, taking a trip to the beach, or hanging out with our coaches/friends is always a good time.

**Q: What would you consider to be your biggest accomplishment(s) in volleyball?**

**A:** For high school volleyball, it would be the State Title with Gainesville HS in 2000 and taking three different high schools to the Final Four. For club volleyball, it would be qualifying a team for Junior Olympics every year and a 9<sup>th</sup> place finish in Open in 2001 at the Junior Olympics when it was held in Utah, giving Gainesville Juniors a top ten team in the country. None of this could have been accomplished without outstanding players and assistant coaches.

**Q: What are the differences in coaching high school compared to club?**

**A:** Obviously the main difference is that the high school team is comprised of only players that go to that school, whereas, in club, you can have a team with players from all area schools on it. Also, the school pride/tradition and the rivalries with other area high schools make high school volleyball very unique. Finally, the compactness of the season in high school is a huge difference. It is similar in that you are basically dealing with the same age range of players and so many high school players play club now.

**Q: What is the size of your club currently? And when it was started?** **A:** We have 9 teams with a total of 91 players in our club. Our club was started in 1995 by Terry Tougaw. Chip Williams took over as Director in 1998 and under his direction we began to experience success in the Region and at national qualifiers.

**Q: What is your opinion on the growth of volleyball throughout the years?**

**A:** It is amazing how much the Florida Region has grown over the years and new volleyball clubs continue to emerge in all regions. The growth is obvious with the addition of the National and American divisions at Nationals and the expansion of the Open Division. The quality of play in the younger age groups gets better every year. The growth of beach volleyball programs is awesome and with it being added as a college sport will only continue to grow.

# Vol-eNews FloridaVolleyball.org

The official source for Florida volleyball news!

**Q: If you could brag about your club, what would you say?**

**A:** We are very proud of our history and tradition at Gainesville Juniors. Every year we average 3 teams qualifying for Nationals which given our city's size is something we take great pride in. We have sent over 80 players onto college with volleyball scholarships and we look forward to that number growing in the coming years. I feel we have one of Florida's best coaching staffs and we stress the importance in the quality of coaching offered here at Gainesville Juniors. We won our first AAU National Championship last year (15 Club). Now that we have Gainesville's first and only year round volleyball facility we look forward to our teams and players becoming even better with more training time.

**Q: What future plans do you have for your club?**

**A:** Now that we have our own facility, we are excited about the expansion of our program, not only in Gainesville, but also the surrounding areas such as High Springs. This year marked the first time we have had 10, 11, and 12 year old teams and we look forward to that continuing. We are going to add a beach volleyball program this summer and will continue to work to add a boy's program. We are beginning our fundraising towards a 4<sup>th</sup> court for our facility and look forward to running summer camps and enhancing our mini-club program in the fall.

**Q: What do you look forward to in the future for the Florida Region?** **A:** The Florida Region's growth under Steve Bishop and his staff has been amazing and that growth will continue. That is evident by the membership numbers climbing which led to an additional bid being granted in the 12's division which is great. Every year more Florida teams qualify for Nationals, and the region as a whole competes very well at Nationals. The success of the Florida High Performance Program and Junior Beach program is directly attributed at the Region's leadership hard work. The creation of the Florida Pro Women's team, the Florida Wave is exciting, and will hopefully lead to a permanent successful league here in the United States. I look forward to seeing more Florida teams at Nationals and continued growth in all avenues of volleyball as the Florida region becomes a pioneer in many areas of the sport.

*Thanks Chad for participating in the Club Highlight. The Florida Region wishes you and your club success in the 2011/2012 season! Stay tuned for next month's Club Highlight to learn about **Bonnie Priester** and **South Brevard Spirit Volleyball Club**.*

## TEAM FLORIDA WAVE

The **Team Florida WAVE** is gearing up for their first competition date on **March 17** at **UCF**. The **WAVE** is the first indoor women's pro volleyball team in Florida and is part of the new **Premier Volleyball League (PVL)**, sanctioned by USA Volleyball. The PVL is made up of teams from among the 40 Regional Volleyball Associations across the country. It will offer a single League Championship every year. This year, the championship will be held in Salt Lake City, UT, at the USA Open National Championships in May.

The WAVE is comprised of post-collegiate female athletes from around the state of Florida and is led by Nick Cheronis, former UF Associate Head Coach. **Tanya Jarvis**, a 5'9 outside hitter from **Orlando** gave us some insight on her experience so far with the WAVE:

**What are your thoughts on the team so far?**

It is a very fun group combined of years of playing and coaching experience.

Our desire to continue to play volleyball for the love of the game is evident in all of us and is what drives us to make this experience the best we can. The amount of time and dedication everyone has put in and will continue to put in is a great example that our hearts are in the right place and we realize we are fortunate to be the starting chapter to a story that will soon be bigger than all of us.

**What expectations do you have for this season?**

I am sure it will be a successful season. We are improving and getting to all know each other a little better each practice. I hope we will have the opportunity to really get the world out about the WAVE and get people as excited and interested as we are.

**Where do you hope to see yourself and the WAVE pro team in the next 5 years?**

I hope this is the start of what we all know it has the potential to be and can be. Youth volleyball is such a vast growing sport; more girls are playing in college and wanting to continue on after. To have something available to them here in the states when they are finished has all of the potential to be successful and a goal/dream for so many.

**Come on out and support the WAVE in their first competition on March 17 @ UCF!**

**Steve Bishop** commented: "I am humbled by this opportunity. I had the great pleasure of meeting the board and staff of the Volleyball Hall of Fame during Rita Crockett's hall of fame induction ceremony in 2011. In my opinion, this organization is one of volleyball's best kept secrets. As the only regional representative in our USA Volleyball family to be invited to sit on this board, my personal goal is to expand the participation and support of the Volleyball Hall of Fame and help them promote the stories and history of our great sport. ### NEW EVENTS COORDINATOR

Please join us in welcoming Heather Cormier as the new Events Coordinator for the Florida Region!

#### Here is what Heather had to say about joining the Florida Region Staff:

First off, I am very excited to join the Florida Region team as the Events Coordinator. I have had a passion for volleyball for many years and now I have the opportunity to apply that passion to my career. I am a Navy brat and was born in New London, Connecticut. After living in New England for a few years, my father got stationed on a nuclear submarine in Pearl Harbor, Honolulu, Hawaii, where we lived for four years. We then moved to Florida in 1998.

I am a recent graduate of the University of Florida where I studied Telecommunications Management with a minor in Communications Studies and a Business concentration. During my time as a Gator, I was the president of the Women's Club Volleyball team and also coached both high school and club volleyball. After graduating, I began to work for the University-owned radio and television stations in the Sales and Promotions department. There, I served as an assistant to the Sales department, working on sales packages, research, and marketing materials. I also worked closely with the Promotions department, helping to plan station events, organize on-air contesting, and maintain the stations' image.

Growing up in Hawaii and Florida has definitely turned me into a beach lover and I can't wait to spend my summer at the 2012 USAV Dig the Beach Events!

You can welcome Heather to the USA Volleyball Family by sending her a note at [Heather@FloridaVolleyball.org](mailto:Heather@FloridaVolleyball.org).
