HEY ADULTS, TIME TO DUST OFF THE OL' SNEAKERS & JOIN US FOR OUR MOLTEN FRI NIGHT SERIES! FIND ONE NEAR YOU...PAGE 11

IN THIS ISSUE

FROM THE EXECUTIVE DIRECTOR

Happy 2016!

The saying is true; the older you get the faster the years go by! I'm not sure where 2015 went, but I am very excited about all of the volleyball events, programs, and memories that will take place here in Florida during 2016.

Last month I celebrated my 10th anniversary as the first Executive Director of the Florida Region. With my previous years of service on the Florida Region Board of Directors as Treasurer/Asst. Commissioner, I have had the pleasure of serving the Region and our members in a leadership role for 12+ years. This has been a very rewarding journey to help our region grow from a little over 4,200 members to our most recent membership count of over 13,600 in just 10 years. This makes the Florida Region one of the top 10 regions in USA Volleyball!

Back in 2005, the region only hosted 3 major indoor events and fielded a few girls' indoor HP teams. Flash forward to 2015, and the Florida Region hosted over 25 indoor and outdoor events along with indoor HP, beach HP, sitting VB, collegiate club, a high school beach league, and the Florida WAVE. We've come a long way!

With that said, I want to recognize the many people that work tirelessly behind the scenes to support the mission of the Florida Region. So let me say Thank You to all of our coaches, club directors, parents, chaperones, officials, region board members and staff. These individuals are all part of the safety net for the athletes that we serve. It has been said that 10 years from now an athlete will not remember many scores, but they will always remember their experience and the individuals that impacted their lives. Together we make a very strong volleyball family!

As we head into 2016, I hope that you will remember to celebrate the people in your immediate circle of influence that have made a positive impact in your life. Just a few more individual acts of gratitude this year could make a big impact on our organization and everyone involved.

I look forward to seeing you at an upcoming USAV event!

Sincerely,

Steve Bishop

Executive Director/President

(Proudly serving our members since 2005!)

2016 FLORIDA WAVE TRYOUTS...

ATTENTION all post-collegiate men and women volleyball athletes:

Do YOU have what it takes to be a part of the Florida WAVE? If so, then we invite you to tryout with us!

The Florida WAVE is the only professional volleyball team in the state. As a part of the USA Premier Volleyball League, up to 24 athletes (each gender) will be selected for the WAVE training rosters. Training roster athletes will compete in practice, exhibitions and PVL sanctioned events.

The top 12 athletes will be invited to represent the Florida WAVE in the PVL Division and athletes 13-24 will be invited to represent the Florida WAVE in the PVL AAA Division at the PVL Championships in Orlando, FL!

Both men's and women's tryouts will be held January 8th at the Daytona Beach Ocean Center in Daytona Beach, FL. Check in will be from 6 PM - 6:45 PM, with tryouts from 7 PM - 9 PM.

Good luck!

WE ALSO NEED 2016 WAVE VOLUNTEERS!...

Calling all volunteers...Want to play a role in making our 2016 Men's and Women's #FLWave teams the best yet?!

Volunteers are needed to help with tryouts, exhibition matches, and other WAVE related events! All volunteers will receive an event t-shirt, free food/drink, player autographs and the opportunity to hang out with awesome men's and women's professional indoor athletes!

We need help on the following dates:

- **Friday, January 8th** - Men/Women Florida WAVE Tryouts, Daytona Beach
- **Saturday, April 30th** - Men/Women PVL Invitational, Orlando

The estimated number of people around the world, in the millions, who play the sport of volleyball.

1930

The year that the first two-man beach volleyball game was played.

USA VOLLEYBALL ACADEMY ONLINE TRAINING UPDATE...

Attention all junior players, coaches and parents:

ALL TECHNICAL ISSUES REQUIRE A HELP DESK TICKET - CLICK HERE TO ACCESS

The online ref training system was revised for the 2015-2016 season last month. In general the requirements will be the same as last year. Again this year will be the ability to "test out" of some modules. So, for example, if you are familiar with scoring and can successfully answer the pre-quiz offered at the beginning of the module, you will not need to continue and watch that module in its entirety. If you do not answer the pre-quiz questions successfully, you will just continue in the module and take the quiz after reviewing the content.

Junior players and rostered adults who will perform work team duties at tournaments must be trained. The rostered adults do not have to be coaches, but they must be performing one of the score table duties: Second referee, scorer, assistant scorer (also known as Libero tracker) or visual scoreboard operator (also known as "flipper.")

There are four courses available for Junior work team members:

FL16_101 Florida Junior Work Team Line Judge
 FL16_102 Florida Junior Work Team Libero Tracker
 FL16_103 Florida Junior Work Team Scorer
 FL16_104 Florida Junior Work Team Second Referee

The coach or rostered adult who will be at the table should take all four courses. Players may take up to four. It is recommended that all players take the Line Judge (FL16_101) and Libero Tracker (FL16_102) courses. Then, at least half of the club's players should take the scoring course (FL16_103) and the other half the second referee course (FL16_104). This will give the team flexibility to provide trained workers at all their tournament matches. When working a tournament, the player performing the duty must be certified for that duty. So if a player is keeping score, they must have taken the scorer course, FL16_103. It is **not acceptable** for a scorer to teach another player who has not taken the course how to keep score at a tournament.

In order to get credit for the courses, players must register in the USA Volleyball data base system Webpoint. This is the same site you use when you register to play each season. Go to www.floridavolleyball.org and click on the "Log In" button in the middle of the home page. Then, carefully follow the instructions for registration found [here](#).

Once you are registered, you actually take the courses in another system found at www.usavolleyballacademy.org. If you register for your courses and need to take a break before finishing, when you come back you need to sign in on this USAV Academy screen:

USA Volleyball Academy Tips

Many of the issues that users encountered last season, such as browser problems, have been eliminated by the hardware and software upgrades that took place over the summer. In case you do experience any issues, here are some of the tips we offer to users:

- Make sure your flash player is up to date.
- Make sure pop-ups are not blocked on your computer.
- Attempt to access the course material via another computer if your business computer blocks such sites.

If you sign up for a course in Webpoint and then do not see the course you need listed under My Courses in the USAV Academy, you need to send an email to sue@floridavolleyball.org. Include the player name in the email.

If you have registered for a curriculum in error (you selected the wrong clinic) you cannot fix this yourself! Please do not try to re-register for that clinic. Email sue@floridavolleyball.org for assistance. Be sure to include the player's name and team information.

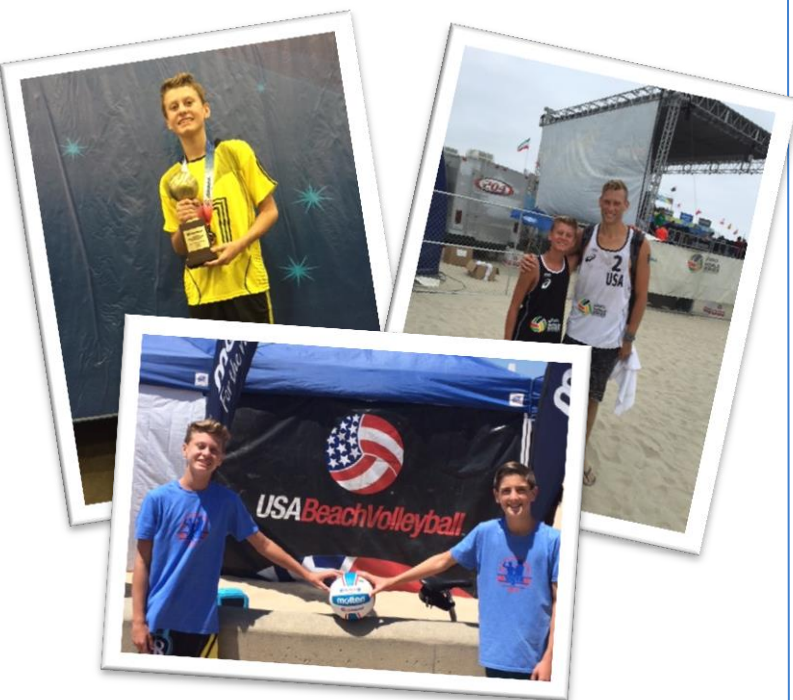

If you have been asked by your coach to provide a certificate of completion and you do not receive one by email, you may print one on your own. Sign in to USAV Academy and click on the Transcripts tab in the upper left corner. Click on the Certificates button that appears at the far right. In the box that opens, click to highlight the certificate you wish to print. Your certificate will download, and you may print that pdf file.

If there are any other questions, please check the Florida Region Officials web page at

<http://www.floridavolleyball.org/officials-news.html>

For any other issues, please email sue@floridavolleyball.org.

ATHLETE SPOTLIGHT ...

This month, we would like to recognize Grant Strong for our Athlete Spotlight! Grant is 12 and is a 7th grade, straight-A student at Palm Harbor Middle School. He began playing volleyball at the age of six while hanging around with his sisters, Emma (17) and Abby (15.)

Entering his 5th season playing USAV club volleyball in the 14U division, Grant already has a lot of accomplishments that he can be proud of. He's helped his teams win THREE 14U Boys' Junior Regional Volleyball Championships; two with TBVA and one with 352 Elite.

Grant also excels at beach volleyball, and represented the Florida Region at the 2015 USAV Beach HP Championships in the Future Select 15 division at Hermosa Beach, CA. He finished in 5th place with his partner, Jay Cravens. (*pictured middle*)

Grant's goal is to eventually get a volleyball scholarship and become a UCLA Bruin. His dream is to follow in the footsteps of volleyball legend, Karch Kiraly. He also looks up to AVP Beach Tour Champion Casey Patterson (*pictured top right*) for inspiration.

Awesome goals! Good luck, Grant! We know we will see great things from you in the future!

Want to nominate someone for Athlete Spotlight? Just email their name, club, age, position, accomplishments & a recent picture to ashley@floridavolleyball.org. Your favorite athlete may see themselves in the next edition of Vol-eNews!

CORA SPORTS MEDICINE TIP

To begin, CORA Rehabilitation & Sports Medicine would like to extend our best wishes to all of you. It has been an exciting year for CORA and the Florida Region of USAV: We covered beach volleyball tournaments across the state of Florida, treated a lot of athletes and talked to several parents in regards to injury prevention and treatments. We are confident that we made a positive contribution to keep our volleyball athletes in the game. We only have a couple months off to recharge our batteries and prepare for another great beach volleyball season.

The off season is the perfect time to work on strengthening, speed, agility, flexibility and endurance. Cross training can be used to allow active recovery, while preserving some base level of recovery. A good off season work out program will address any imbalances developed secondary to repetitive movement patterns and transitions (serving/attack/ blocking/defense).

It is important to maintain an aerobic fitness with light cardiovascular workouts. If during season you like to run, try to add swimming (great transfer to volleyball core stability), or vice versa.

Although runners and volleyball players recruit different muscle groups, they develop similar muscular imbalances. Inadequate lumbopelvic, or "core stability", is one of the main contributors to acute and overuse injuries in volleyball players. When a beach volleyball player is unable to engage their core when playing, the extremities will over compensate and accumulate a higher stress load. This can result in acute injuries (sprains and strains) or overuse injuries (tendinopathies).

The following educational video was launched on our CORA Rehabilitation YouTube Channel. This video is a great work out that will teach you how to engage and activate your core muscles. Proper breathing techniques, transitional movements and an exercise progression is shown here:

[CLICK HERE OR ON IMAGE ABOVE FOR VIDEO](#)

You can perform these exercises every other day. Maintaining good form and stability are keys to progress. If you have any questions or concerns please email us at digcora@corahealth.com.

We will see you in 2016. Please check out our YouTube channel to view additional, fun, beach volleyball work outs!

QUICK TIP FOR COACHES...

IMPORTANT NOTE: As of January 2016, **ALL** Florida Region coaches must complete the SafeSport course. Any coach that has not completed this requirement will not be allowed on any roster. We cannot allow any exceptions. Thanks for your cooperation!

You can access the course here: www.safesport.org.
